

## SolarInvert Energy Solutions

# Lithium power station factory in Mombasa

The image shows a house with solar panels on the roof. In the foreground, there is a large stack of SolarInvert lithium power stations. The stations are white with black accents and have a digital display on the top unit. To the right of the stack, there are four circular icons with text describing the product's features.

-  easy to install and use
-  World wide Products
-  faster charging and discharging
-  Multiple protection with alarm systems

**Can save energy**

the battery capacity can be increased freely and flexibly according to the situation of home use.

Rechargeable lithium batteries use safe LiFePO<sub>4</sub>
