

## SolarInvert Energy Solutions

# Macedonia Photovoltaic Wind and Solar Energy Storage Project

## Overview

---

Who built the first solar plant in North Macedonia?

The 10MW solar plant, built on the site of the spent Oslomej lignite coal mine, was constructed by the public company JSC Elektrani na Severna Makedonija (ESM). This is the company's first solar plant in North Macedonia, developed with a view to diversifying energy sources and supporting decarbonisation.

How will a new solar plant help Macedonia?

Andi Aranitasi, EBRD Head of North Macedonia, said: "The new solar plant will help the country, which faces severe air pollution from coal, to reduce its reliance on ageing coal-fired infrastructure. It will also generate cheap electricity in times of very high market prices.

How many wind turbines are there in North Macedonia?

The Bogdanci wind park, North Macedonia's first wind energy facility, currently operates with sixteen wind turbines, each with a capacity of two to three megawatts. Plans to expand this wind park aim to further boost clean energy production in the country.

How did Elektrani na Severna Makedonija get a loan?

North Macedonian power utility Elektrani na Severna Makedonija obtained a loan for the construction of solar power plant Bitola 2 and the expansion of its Bogdanci wind farm. It also received a donation for photovoltaic projects Bitola 1 and Oslomej 2.

Is North Macedonia a good place to invest in green energy?

Dimitar Kovačevski, Prime Minister of North Macedonia: "It is really a great pleasure to be here today, where once a big environmental polluter was located and now we are producing green energy. The benefits of this investment are manifold.

Is KfW a good partner for the North Macedonian power system?

CEO Lazo Uzunčev said ESM sees KfW as a serious partner for strengthening the stability of the North Macedonian power system. Thanks to the excellent relations with the bank, the company is continuing to pave the way for a sustainable energy scenario by implementing renewable energy projects, he asserted.
