

SolarInvert Energy Solutions

Malaysia large energy storage cabinet quotation

Overview

What is Malaysia's first sodium-sulfur battery energy storage system?

In a pioneering project, we installed and commissioned Malaysia's first Sodium-Sulfur (NaS) Battery Energy Storage System (1.45MWh) at the LSE II Large Scale Solar farm in Bukit Selambau, Kedah. This project serves as a national reference point for future large-scale standalone battery deployments.

What is Petra's energy storage bidding round?

Beyond solar advancements, PETRA is set to introduce a dedicated bidding round for energy storage systems by the third quarter of 2025. This move is designed to enhance grid stability and optimize the integration of renewable energy, addressing one of the key challenges in the widespread adoption of sustainable power.

Why is Malaysia launching a Bess project?

The inaugural development of public BESS project in Malaysia is part of the Government's efforts to support the energy transition and achieve the goals of increasing the country's installed renewable energy capacity to 70% and to achieve net-zero by 2050.
