

## SolarInvert Energy Solutions

# Malta Photovoltaic Inverter Selection Manufacturer

## Overview

---

Are solar panels a good investment in Malta?

We can't stress enough how good of an investment home and commercial solar systems are in Malta. The island has an extremely high sunshine yield, and the right solar system can drastically reduce your electricity bills.

Which solar panels do you use at Panta?

At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy.

Which solar inverter should you choose?

We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy. We have found that the combination of Huasun and Sungrow products provides one of the most power-efficient systems available.

How does Panta support my solar system?

From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution. Under certain conditions, you may also be eligible for a government subsidy when purchasing a solar electricity generation system.

Which inverters are compatible with battery storage?

We are local partners for Huawei and SolarEdge, both of which provide string type hybrid inverters which are fully compatible with battery storage and offer live monitoring via their respective apps on all platforms allowing full visibility of your system's performance wherever you are in the world.

What are the different types of PV mounting systems?

Other types of PV mounting systems which we can offer include special clamps for sandwich panels and industrial roofs, façade mounting for building integrated PV, solar carports, agri-voltaic structures and other types ground-mounted structures, as well as floating structures.
