

SolarInvert Energy Solutions

Malta new energy battery cabinet base station power generation manufacturer

Overview

Is Malta a ready-to-market energy storage solution?

Today Malta is in advanced discussions with a more than a dozen utilities in Europe, and the Americas over plans to deploy Malta's long duration energy storage technology. As the urgency of the energy transition grows, interest in Malta's ready-to-market, thermo-electric energy storage solution has skyrocketed.

Who is Malta & why is it a big company?

Malta was formed as an independent company, outside of Alphabet, in December 2018. Today Malta is in advanced discussions with a more than a dozen utilities in Europe, and the Americas over plans to deploy Malta's long duration energy storage technology.

Why did alphabet incubate Malta?

Malta was incubated at X, Alphabet's Moonshot Factory, which identified the Malta system as a product that had the potential to unlock a wealth of inexpensive clean energy to address global energy demands.

Does Malta work in the real world?

The team at X designed and tested individual system components and determined the Malta technology can work in the real world at a competitive price-point. Malta was formed as an independent company, outside of Alphabet, in December 2018.

Who is the CEO of alphabet Malta?

She led the corporate independence of Malta from X, Alphabet's Moonshot Factory (formerly Google X) in 2018 and has served as the company's CEO from its founding until September 2024. Ramya now continues to contribute in her current role as Senior Advisor.

Why should you choose Malta?

Malta delivers outsized, quantifiable commercial value to a diverse range of customers, empowering them with clean and dispatchable power and heat to achieve their decarbonization and reliability goals. We're focused on helping to build a more sustainable future.
