Monrovia Mobile Power Station Trailer Generator

Overview

How many MW power plants are there in Monrovia?

The installed generation capacity is 88MW hydroelectric facility Mount Coffee and 36MW Diesel facility on Bushrod Island, powering the main grid in Greater Monrovia operated by LEC.

What is a mobile 10 kW power plant?

The mobile 10 kW power plant on a trailer in a noise-proof enclosure (generator on a trailer) is supplied fully equipped, filled with technical fluids in the required volume and ready for operation. The engine, cooling radiator and generator are mounted on a robust rigid steel frame with an integrated fuel tank.

What is a diesel generator for standby?

Three-phase diesel generator for standby designed to produce 380 V electric current with a rated output of up to 10 kW. The trailer-mounted 10 kW power station in a noise-proof enclosure (generator on a trailer) is designed for operation in the standby power supply mode for any general purpose facilities.
