

SolarInvert Energy Solutions

Moscow mobile energy storage power supply manufacturer

Overview

Who is the best power supply company in Russia?

In the world of power supplies (PS), it is quite a well-known company on the Russian market. I know that MEAN WELL company is the absolute leader on the PS market. I became curious about comparing these companies.

Who imports power supplies to Russia?

Import of power supplies under the customs codes 8504408200 and 8504409000, in 2018 by distributors and brokers. The import volume of 32 distributors and brokers of electronic components to Russia amounted to \$87 million.

Who makes mornsun products in Russia?

I should mention that until early 2019, ECO was the only official distributor of MORNSUN products in Russia, having been extremely successful in promoting the leader MORNSUN to the Russian market. ECO company exists since 2004, dealing with supplies of almost PS only. Here is what the company's website tell us.

Why is mornsun a good distributor in Russia?

At present, shipments to Russia account for one third of all European deliveries". Besides the product quality, success of MORNSUN in Russia grounds in fact that here we have a very good distributor – ECO company. All our high sale rates in Russia are due to the work of its specialists.

How does rewatt work in Russia?

Our software interacts with main platforms in Russia which supports OCPP 2.0.1 protocol and provides the ability to communicate through API with other systems of various types and complexity levels from PACS till SCADA. REWATT's customer service responds quickly and efficiently to customer requests.

Is eco a Russian company?

In this segment, ECO is one of the largest Russian suppliers of electronic components supplying to domestic manufacturers of electronic equipment". According to the Federal Tax Service for 2018, the company's financial means amounted to 382 million rubles or 6 million dollars at an average exchange rate of 62.9 rubles.
