

SolarInvert Energy Solutions

Mozambique high temperature supercapacitor price

Overview

Where can I buy supercapacitors & ultracapacitor?

Please try again. Supercapacitors & Ultracapacitors are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more.

Which supercapacitor manufacturers does Mouser sell?

Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more. Please view our selection of supercapacitors and ultracapacitors below.

What is the operating temperature of a supercapacitor?

Operating temperature range from -40°C to +85°C and a voltage tolerance range from 3.6V to 6.3V. These supercapacitors boast an energy density that is 8 to 10 times higher than that of EDLC (Electrochemical Double Layer Capacitors). They can withstand voltages of up to 4.2V.

What is a high power supercapacitor?

High-reliability, high-power, ultra-high capacitance energy storage devices. 2.7V high-temperature and humidity supercapacitors, featuring a high energy density of over 4Wh/Kg. Feature a high energy density of over 5Wh/Kg and operate at 2.7V nominal DC voltage. Feature a high energy density of over 5Wh/Kg and operate at 3V nominal DC voltage.

What are the future applications of ultracapacitors?

As a powerful alternative energy resource, ultracapacitors are widely used in different industrial fields, such as smart meter, electronics, power grid and so on. The future applications of supercapacitor looks brilliant. Kamcap has high-

quality ultracapacitors for sale.

Can Supercaps be used as energy storage?

These supercaps can be applied as the sole energy storage or in combination with batteries to optimize cost, lifetime, and run time. Ultra-thin storage devices that bridge the gap between rechargeable batteries and capacitors.
