Overview

Who is Oman solar systems?

Systems has been delivered to Telecom, Oil & Gas, Ministry and Defense for different applications. You are guaranteed to get the energy system that's been chosen and installed by the real experts. Part of Al Bahja Group, established in 1947. Mainly in manufacturing and allied activities. OMAN SOLAR SYSTEMS CO. LLC OMAN SOLAR SYSTEMS CO. LLC.

Why is Oman investing in solar PV Manufacturing?

Adding to Oman's investment appeal around solar PV manufacturing is the ongoing development of a world-scale polysilicon production plant at SOHAR Port and Freezone. Polysilicon is a critical ingredient in the manufacture of solar panels, among an array of components, such as integrated chips and sensors for the global electronics industry.

How much does a solar plant cost in Oman?

The plant, estimated to cost around \$700 million, will support the production of 5 gigawatts (GW) of high-efficiency solar cells per annum. Adding to Oman's investment appeal around solar PV manufacturing is the ongoing development of a world-scale polysilicon production plant at SOHAR Port and Freezone.

What services does Aptus Solartech provide?

Aptus SolarTech offers various services, including Solar System Design, Solar Equipment Supply, and Installation of Solar Systems. Our team has the expertise and experience to provide long-lasting solutions for simple or complex needs.

Can solar energy generate electricity in Oman?

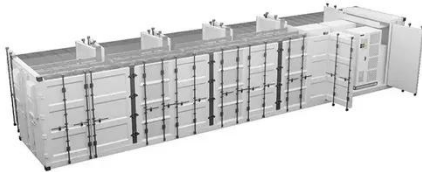

Solar energy can potentially generate electricity to meet all of Oman's domestic electricity requirements and provide some electricity for export.

Why should you choose Oman solar?

At Oman Solar, we have latest technology by which we can use NATURAL RESOURCES and convert the NATURAL energy into POWER (ELECTRICAL ENERGY). The solar photovoltaic energy is a most viable solution for reliable and remote application in the region because of the availability of the sun for almost 365 days in the year.
