

SolarInvert Energy Solutions

Nader circuit breaker factory in Nairobi

Overview

What products does Nader manufacture?

Nader focuses on the R&D and manufacturing of high-end low-voltage electrical products. These products made by Nader include Miniature Circuit Breaker, Molded Case Circuit Breaker, Air Circuit Breaker, Hydraulic Miniature Circuit Breaker and Automatic Transfer Switching Equipment, etc. 2021 Quick Selection Guide ».

What is the welding technology of products in Nader manufacturing line?

Today we are going to learn about the welding technology of products in Nader manufacturing line. Nader's spot welding workshop adopts fully automatic welding production line, which can fully produce key products and key components, reduce welding defects caused by human factors, and improve product consistency and production efficiency.

Who is Nader?

Nader, is one of the leading manufacturer of high-end low-voltage electrical apparatus industry, and the largest Miniaure Circuit Breaker of high-quality manufacturer in China, who listed at Shenzhen Stock Exchange.

How many automatic detection lines are in a circuit breaker factory?

The three workshops of power distribution, terminal and industrial control are equipped with 26 automatic detection lines. Do you know what manufacturing processes are required for a circuit breaker at factory?

The production of circuit breakers includes six major working procedures: welding, assembly, inspection, electronics, OTS, and tooling.

What is Nader ndb2zb series MCB?

Nader NDB2ZB series MCB is specially developed for the special requirements of DC circuit breakers in the DC power supply system of power engineering. It

has overload long delay, short-circuit short delay and short-circuit transient protection functions.

What is Nader ndm3z series MCCB?

Nader NDM3Z series MCCB is applicable to DC power grid circuits with rated DC working voltage of 250V to 1500V and rated working current of 16A to 800A. The circuit breaker is mainly used for distributing electric energy protecting circuit and power supply equipment.
