

SolarInvert Energy Solutions

New Energy Battery Cabinet Development Company

Overview

Who is Guangdong asgoft new energy?

Guangdong ASGOFT New Energy Co., Ltd is a professional manufacturer for designing, manufacturing, and selling lithium iron phosphate batteries, and energy storage battery packs, committing to providing high-quality products and services for lithium-ion battery energy storage.

Who is erpower new energy technology?

loading. Shanghai ERpower New Energy Technology Co., Ltd. Was established in December, 2012. The core team of the company has more than 10 years of experience in the development and service of new energy batteries and the development and construction of photovoltaic energy storage system schemes.

What is battery management system?

Battery management system used in the field of industrial and commercial energy storage.

Why should you choose dauntu energy storage?

There are many stringent requirements on the security and reliability of BMS, and dauntu energy storage has made full preparations. From core chip selection to system-level architecture, we guarantee the safety and reliability of battery products in an all-round and real-time manner.

What is the annual production capacity of lithium battery system?

Gradually form an annual capacity of 5gwh battery system, reach the annual production capacity of 200000 lithium battery systems for electric vehicles, and achieve an annual output value of 5 billion Yuan. The R & D and sales center is located in Shanghai Songjiang national high tech Industrial Zone, G60 science and technology corridor.

New Energy Battery Cabinet Development Company

Hunan Wincle Digital Energy Technology Co.,Ltd.

Wincle is an innovative company providing full lifecycle energy storage solutions and smart digital energy management to drive global energy transition.
