MONITORING OF SYSTEM STATUS

Overview

How many Nigerian businesses generate their own power supply?

According to the World Bank, an estimated 41% of Nigerian businesses generate their own power supply to augment the general power supply to their businesses.

Why should you choose lipower for your portable power station?

As a pioneer manufacturer of portable power station, Lipower offers you full range of portable energy storage solutions. From compact series of 500W capacity to heavy-duty series of 3000W or more, we deliver to you functional portable power stations in superior quality that can meet any of your target market needs.

Why should you choose lipower for your home energy storage system?

As a pioneer manufacturer of home storage systems, Lipower provides you with a comprehensive range of home energy storage products. From home storage batteries of different capacities to various inverters, we provide you with high-quality functional power station solutions that can meet any of your target market needs.

What is a small capacity lipower power station?

The small capacity Lipower power station is suitable for you to provide power for your phone or small power appliances when you go camping, so as to improve the comfort of camping. Various accessories compatible with portable power stations, Lipower is the one-stop shop for your portable power generating business.

Is a large capacity lipower power station a good backup power solution?

The large capacity lipower power station will be a perfect backup power solution, which can meet your needs. As a testament to the confidence we have in our products, we offer a 1-year warranty on all of our products. The

warranty supports any concern regarding our products and includes quick replacements whenever needed.
