Nordic Independent Energy Storage Power Station Project

Overview

What is the largest battery energy storage project in the Nordics?

SEB Nordic Energy's portfolio company, Locus Energy, in collaboration with Ingrid Capacity, will build the largest battery energy storage project in the Nordics. The project will add 70 MW/140 MWh of storage capacity to SEB Nordic Energy's Finnish portfolio, which already includes wind and hydropower.

What is the largest battery energy storage system in Sweden?

The project is the largest in Sweden which is under construction. Image: Neoen. Independent power producer (IPP) Neoen and system integrator Nidec have started construction on a 93.9MW/93.9MWh battery energy storage system (BESS) in Sweden, the largest in the country.

What does Seb Nordic energy do?

SEB Nordic Energy invests in major battery storage project Computer-generated picture of the future battery storage park in Finland. SEB Nordic Energy's portfolio company, Locus Energy, in collaboration with Ingrid Capacity, will build the largest battery energy storage project in the Nordics.

How much storage capacity does Seb Nordic energy have?

The project will add 70 MW/140 MWh of storage capacity to SEB Nordic Energy's Finnish portfolio, which already includes wind and hydropower. Located in Nivala Municipality in Finland's Ostrobothnia region, the project is expected to be completed in 2026.

Is this Finland's largest battery energy storage system?

Swedish flexible assets developer and optimizer Ingrid Capacity has joined hands with SEB Nordic Energy's portfolio company Locus Energy to develop what is claimed to be Finland's largest and one of the Nordics' largest battery energy storage systems (BESS). The 70 MW/140 MWh BESS project will be

located in Nivala, northern Finland.

What is the largest energy capacity in the Nordics?

The largest by megawatt-hours energy capacity in the Nordics will be a 2-hour project in Finland that Neoen recently started building (Premium access), with a capacity of 112.9MWh, and that is also set to come online at the start of 2025.
