North Macedonia Communication Tower Base Station Project

Overview

How many NB-IoT base stations are installed in Macedonia?

Makedonski also revealed that it has installed 900 new NB-IoT (narrowband IoT) enabled base stations for M2M communication in the country, with capacity of the new modernized network up by 70 percent. A1 describe themselves as the leading mobile network operator and number two in the fixed-line market in North Macedonia.

Which mobile network operator in North Macedonia has the fastest mobile network?

A1 describe themselves as the leading mobile network operator and number two in the fixed-line market in North Macedonia. They say that have the fastest mobile network in the country. On top of this, the mobile network is becoming even faster by launching 5G.

What percentage of Macedonia has a 4G network?

The network covers 99.9% of the population and over 98.5% of the territory of North Macedonia. Makedonski was the first telecommunications company in the country to introduce 4G LTE, GPRS, EDGE and various converged internet and mobile services.

Which mobile operators operate in Macedonia?

Macedonia's mobile market is served by three mobile operators, MakTel (Makedonski Telekom), A1 Macedonia (known as One.Vip before a rebranding exercise in September 2019) and more recently Mtel. A1 Macedonia was formed from the merger of the local business units of Telekom Slovenije and Telekom Austria.

Does A1 Macedonia have a 5G network?

By the end of 2022, A1 started building its 5G network and accomplishing coverage of 56,6 % of the total population. Tourist centres, such as Ohrid

Lake, are covered by LTE network and A1 Macedonia will continue investing in its modernisation.

What is 5G in Macedonia?

Makedonski Telekom and A1 Macedonia launched their 5G services with a combination of 4G frequencies using DSS before the 5G spectrum auction, with the regulator, AEK, awarding the licenses for frequencies in the 700 MHz and 3.6 GHz bands for 5G in July 2022. Makedonski Telekom invested over EUR 70 million in 2022 for network development.
