Outdoor power supply in Algeria

Overview

What type of power plug do you need in Algeria?

In Algeria the power plug sockets are of type C and F. The standard voltage is 230 V and the frequency is 50 Hz. Power plug adapter needed in Algeria?

In Algeria the power plug sockets are of type C and F. Check out the following pictures. When living in the United States of America you need a power plug adapter for sockets type C and F.

How much electricity does Algeria consume?

Algeria's electricity consumption has been on the rise. From the years 2010 to 2013, it rose by 22%. Currently, the consumption increases at around 5-6% per annum. It is estimated that the country enjoys near to 100% access to electricity (compared to 57% in 1977).

Why is energy consumption increasing in Algeria?

Algeria's energy consumption has been increasing significantly, rising by 22% from 2010 to 2013, and currently growing at a rate of 5-6% per annum. Extensive need for air conditioning during the hot summer months can lead to unscheduled power outages and brownouts due to the rising demand.
