

SolarInvert Energy Solutions

Philippines lithium battery pack processing and wholesale

Overview

Where to buy lithium ion batteries in Manila?

Located in Manila, PBI specializes in a wide range of battery technologies, with a strong focus on lithium ion batteries. Their product lineup includes everything from 12v lithium batteries to 48v lithium ion batteries, catering to both consumer electronics and industrial needs.

How long does it take for lithium batteries to arrive in Philippines?

Discover our Philippine overseas warehouse, dedicated to delivering lithium batteries with ultimate efficiency. Enjoy fast shipping, with products arriving within just 1-3 days. Our commitment to quick transit ensures your energy needs are met without delay, empowering your operations with reliable power solutions.

Why should you invest in lithium batteries in the Philippines?

Our mission is to empower sustainable mobility through cutting-edge lithium batteries, ensuring reliable performance and a cleaner environment. The battery industry in the Philippines is rapidly evolving, driven by the increasing demand for renewable energy and electric vehicles.

Why should you choose a battery company in Manila?

Companies in Manila are well-placed to manage imports of raw materials such as lithium, necessary for the production of lithium ion batteries, and to export finished products globally. Founded in the early 2000s, Philippine Battery Incorporated has grown to become one of the leading battery manufacturers in the Philippines.

What makes PBI the best battery company in the Philippines?

Moreover, PBI has established strong partnerships with local and international firms, enhancing their capability to innovate and stay ahead in the market. Located in Davao, Mindanao Energy Systems Inc. is another top contender in

the Philippines' battery market, specializing particularly in lithium ion batteries and solar battery systems.

Which country has the best battery industry in the Philippines?

Cebu is another significant player in the Philippines' battery industry. Known for its robust manufacturing sector, Cebu has attracted numerous battery suppliers, including specialists in lead acid battery supplier Philippines and lithium ion battery suppliers Philippines.

Efficient Higher Revenue

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPPT Trackers, 150% DC Input Overvoltage
- Max. PV Input Current 15A, Compatible with High Power Modules

Intelligent Simple O&M

- IP66 Protection Degree: support outdoor installation
- Smart 1 V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPDs: prevent lightning damage
- Battery Reverse Connection Protection

Flexible Abundant Configuration

- Plug & Play, EPS Switching under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 units Inverters Parallel
- AFCD Function (Optional): when an arc fault is detected the inverter immediately stops operation
