

SolarInvert Energy Solutions

Polish energy storage container manufacturer

Overview

What is a container energy storage system?

Dedicated container energy storage cooperating with RES. Smart electricity storage system it's more than a battery. It is a solution that enables loading and unloading the warehouse in modes adapted to the needs of users. What is different energy storage from generators, the use of stored electricity without noise, fuel and maintenance.

What is LiFePO4 energy storage?

Energy storage in LiFePO4 technology is designed together with a BMS (supervisory system), the BMS system controls the maximum charging and discharging currents, controls the module temperature and voltage. Good-quality energy storage ensures up to 20 years of safe work with photovoltaics. Energy storage for home and industry.

Who makes the inverter with energy storage?

The product was developed by NRG Project sp. Z oo in cooperation with a group of Polish engineers. The set of inverter with energy storage is manufactured in Poland. We offer Polish single-phase inverters for the home, and three-phase inverters with inverter powers of 3 kW, 10 kW, 100 kW, 250 kW, 500 kW.

What is a smart energy storage system?

Smart electricity storage system it's more than a battery. It is a solution that enables loading and unloading the warehouse in modes adapted to the needs of users. What is different energy storage from generators, the use of stored electricity without noise, fuel and maintenance. Our latest product is an energy storage set with an inverter.
