Port Moresby Photovoltaic Glass

Overview

Can PNG Power install a solar PV system in Port Moresby?

PNG Power has installed a 150kW rooftop solar PV system at the Mineral Resources Authority (MRA) office in Mining Haus, Konedobu, Port Moresby. This installation was done through PNG Power's two-megawatt rooftop solar PV pilot programme in the Port Moresby grid.

Are Papua New Guinea's first electric vehicles coming to Port Moresby?

Papua New Guinea's first plug-in electric vehicles (EVs) – two cargo vans and a passenger bus – have appeared on the streets of Port Moresby. Ruby Gamoga reports. Improved access to finance could the rapid development of solar power, according to Jon Pittar, Managing Director of solar provider, Solar Solutions PNG.

Who is solar energy Papua New Guinea?

We are Papua New Guinea's leading solar energy company, providing high quality solar services for your home or business through renewable energy.
WHY USE SOLAR?

Despite huge popularity in the rest of the world solar power has yet to take off in PNG.

Will PPL develop a dynamic model for the Port Moresby grid?

The Solar Energy Association backs the Independent Power Producers of PNG (IP3) proposal to develop a dynamic model for the Port Moresby grid. This model would help PPL with high level management of grid resources and assist with future integration of solar.

Will solar power be the next stage in PNG?

Electricity in PNG is still very expensive and the cost of solar power continues to fall each year. Now we're seeing similar price drops for batteries, and I

think that will be the next stage for solar projects, as many of them will begin to include energy storage.

Will new LNG power stations reduce diesel use in Port Moresby?

In Port Moresby, we have seen two big new LNG power stations at Dirio and NiuPower, which should reduce the use of diesel at Kanudi and Moitaka with a correlating emissions reduction.
