Who is connected switchgear?

Connected Switchgear is a proud Australian owned and operated electrical supplier with an established reputation throughout Australia and the Asia Pacific region for manufacturing the finest domestic, commercial and industrial light switches, power points, circuit breakers, RCDs, 3 phase and industrial switchgear products.

What does a switchboard do?

When you turn on an electrical device, such as a lamp or heater, you are completing the electrical circuit. The switchboard also houses electrical fuses (also known as circuit breakers) which protect electrical circuits and wiring from damage caused by overloading of electricity.

What is a miniature circuit breaker (MCB)?

Miniature Circuit Breakers (MCB) protect circuits up to 125 amps and are used in the final distribution board for homes, offices, shops. They're also used in larger switchboards where MCCBs or even ACBs are used.
