

## SolarInvert Energy Solutions

# Prices of photovoltaic panels in Poland

## Overview

---

Are photovoltaic panels available in Poland?

Marta Walendzewicz, Board Member of Menlo Electric, explores the availability of photovoltaic panels, trends, and challenges in the Polish photovoltaic market and the importance of choosing the right inverter. As we move further into 2023, the photovoltaics market in Europe and Poland has seen a range of fluctuations in prices.

How much energy does a solar PV system produce in Poland?

The average yearly energy yield from a 1 kWp solar PV system in Poland is around 1,000 kWh per year. The average kWh/kWp for different orientations (30-degree tilt) are: East: 972.57 kWh/kWp, South: 1214.39 kWh/kWp, West: 947.13 kWh/kWp. 4 The average cost of electricity in Poland, as of December 2023, is \$0.23 per kilowatt-hour.

Is the photovoltaic market changing in Poland?

As we take an up-close look, it can be noted that as the photovoltaic market in Poland evolves, there is a noticeable shift towards adopting newer trends in residential and ground-mounted installations.

Is there a demand for photovoltaic inverters in Poland?

As the photovoltaic market in Poland continues to evolve, the demand for inverters in the 20-150 kW range for commercial installations has largely been met with improved availability. However, as mentioned earlier, the market still experiences shortages of inverters above 200 kW, which can result in waiting times of over a year.

Who can apply for a photovoltaic installation in Poland?

The program is dedicated to households in Poland. Only domestic persons generating electricity for their own needs can become beneficiaries. You can apply for the program even if you purchased the installation after February 1,

2020. This means that you can qualify for the costs already incurred for a photovoltaic installation.

How much does electricity cost in Poland?

The average cost of electricity in Poland, as of December 2023, is \$0.23 per kilowatt-hour. The electricity price has increased by 22.22% since the previous semester. 5
