

SolarInvert Energy Solutions

Rabat Module Solar Photovoltaic Company

Overview

What is a BIPV solar module?

BIPV solar modules, or Building Integrated Photovoltaics, are a revolutionary way to generate renewable energy and improve the efficiency of buildings. As the first company in Morocco to offer BIPV, SUNQ is proud to work with leading manufacturers from Germany to bring these cutting-edge products to our clients.

What will be the first solar module in Tangier?

Tangier with possibility of extension. Africa's largest and most modern PV Module factory will produce the first World Module. for glass suitable for very rough climates with high temperatures for more than 10 years. The project consists of the construction of a solar photovoltaic plant in the vicinity of Tangier with possibility of extension.

Who is SUNQ solar?

At SUNQ, we are a leading distributor of solar panels, BIPV solar modules, and aluminum mounting systems. We also offer a range of inverters, DC accessories, and other solar components to help our clients meet their energy needs.
