

## **SolarInvert Energy Solutions**

# **Romania off-grid lithium battery energy storage 15kw inverter**

## Overview

---

What is a fully integrated energy storage system?

This fully integrated energy storage system features a comprehensive all-in-one design, incorporating essential switches for battery fuses, photovoltaic input, utility grid, load output, and diesel generators.

Why should you choose bslbatt 5kwh rack battery?

The intelligent cooling mechanism ensures optimal thermal management, protecting the batteries and inverter while significantly extending their lifespan. This low-voltage energy storage system incorporates the BSLBATT 5kWh Rack Battery, engineered with Lithium Iron Phosphate (LiFePO<sub>4</sub>) chemistry for enhanced safety and reliability.

How stable is the inverter?

According to statistics, 99% of the tested inverter can work very stable. All inverters are free to send new spare boards within the warranty. For more services, please click the link to view.

Does Deye full series inverter support remote shutdown?

Thanks to the smart monitoring platform, Deye full series inverter products support remotely shutdown immediately when accident occurs. Setting parameters and FW update remotely, which makes PV plant O&M easier. Max. Charging Current (A) Max. Discharging Current (A) Max. PV Access Power (W) Max. DC Input Power (W) Max. DC Input Voltage (V)
