Russian St Petersburg companies exporting energy storage batteries

Overview

Will Russian energy storage firm Renera invest in EV batteries?

June 23, 2023: Russian energy storage firm Renera says a special investment contract providing incentives and financial backing for domestic production of batteries for EVs and stationary storage systems was signed at the St Petersburg International Economic Forum on June 16.

Will Russia produce a prototype battery by the middle of the year?

The move follows Russia's claim last month that it will have produced prototype batteries by the middle of the year.

Should Russia create an infrastructure for EV charging stations?

Russia must also "create an infrastructure for charging stations" for EVs, he said. Rosatom announced on November 23 that it had established a new subsidiary — Renera — dedicated to the manufacture of energy storage systems.

Who makes aktex automotive batteries?

AKTEX INC. AKTEX INC. - industry-leading manufacturer of automotive batteries in RUSSIA - can offer you reliable supplies of wide range of EN automotive batteries (MF, Hybrid, Conventional) with capacity of from 55 to 200 Ah. AKTEX INC. was founded in 1999. Today, the manufacturing capability of factory amounts to 1.500.000 batteries a year.

Where are lithium ion batteries made?

Lithium ion batteries are already being produced by Rosatom, but the group said Renera's task would be to coordinate and expand manufacturing capacity and "consider" building additional gigafactories. Kaliningrad, which lies between Poland and Lithuania, does not border mainland Russia but is home to Russia's Baltic fleet.

Will Russia achieve 'technological sovereignty' for the automotive industry?

Mishustin told a meeting of deputy prime ministers on December 26 that Russia had to achieve “technological sovereignty” for the automotive industry in particular — and state-owned corporation Rosatom had started building a 4GWh lithium ion batteries plant in the Baltic Sea enclave of Kaliningrad. The plant should start operations in 2025.
