Sierra Leone Emergency Energy Storage Power Supply

Overview

How many people have electricity in Sierra Leone?

Very few people have access to electricity in Sierra Leone: Approximately 10% to 12% of the urban population and only around 2% of the rural population. Petrol or diesel generators are often used because most of the regions lack a stable public power supply.

Does Sierra Leone have hydropower?

In Sierra Leone, hydropower generation has accounted for a substantial part of the total electricity generation mix. Currently, hydroelectricity represents 59% of the installed grid-connected electricity generation capacity. Source: Energy policy of SL_FINAL for Print.pdf Renewable Energy Policy of Sierra Leone Projects.

What type of energy is used in Sierra Leone?

Energy consumption in Sierra Leone is dominated by biomass, which accounts for over 80% of energy used. The largest source of biomass energy is wood fuel followed by charcoal , while the use of agricultural crop residues and bagasse in the sugar industry remains limited.

Is mobile power launching a mini-grid in Sierra Leone?

Mobile Power is also set to pilot battery rental for electric vehicles on mini-grids developed by Winch Energy . A website on the Renewable Energy Sector in Sierra Leone was developed by EnDev and partners Renewables Salone. Mini-Grid Market Opportunity Assessment: Sierra Leone, AfDB and SEFA, Nov 2019.

How many solar street lights are installed in Sierra Leone?

Installation of Solar Street Lights: The Ministry of Energy Sierra Leone has installed 8471 solar street lights in the fourteen district headquarter towns across the country. The facilities were handed over to the various district

councils, city councils and local councils in 2017.

How big is the power grid in Sierra Leone?

Sierra Leone's power sector is small, with less than 150 MW of operational capacity and roughly 150,000 connected customers. The biggest grids are: The 161kv line that extends to Freetown and the surrounding Western Area , covering about 40% of their residents.
