

SolarInvert Energy Solutions

Slovakia energy storage battery manufacturers

Overview

What is the Slovak Battery Alliance?

Topics from the energy sector clearly promoted battery storage as a necessity for industry and independent energy solutions based mainly on renewable energy sources. The Slovak Battery Alliance (SBaA) is an independent advocacy group.

What is Slovak energy storage?

It is an innovative way of storage of electric energy generated from renewable sources, such as solar or wind. This is a significant contribution of Slovak research into development of next-generation batteries which will be, on one hand, of high performance, safe and sustainable, and on the other hand affordable.

What is Slovakia doing with electric car batteries?

Slovakia is following the trend by making progress in development and production of electric car batteries. After launching of a new smart battery for electric cars by InoBat Auuto, the National Battery Centre was established. 8. March 2021 Slovakia is following the trend by making progress in development and production of electric car batteries.

Where will the first battery Gigafactory be located in Slovakia?

The first battery gigafactory in Slovakia will be located in Šurany on a 95-hectare area and will create thousands of jobs. In the initial development stage, it will have a capacity of 20 GWh with the further potential to reach a capacity of up to 40 GWh.

Why did the company invest in Slovakia?

The decision to invest in Slovakia was based on the strong position the Central and East Europe have in automotive, petrochemical and energy industry. The company is planning to focus its business activities on three areas –

electromobility, energy storage and alternative fuels.

Who created the Slovak Electric Vehicle Centre?

The Centre was established thanks to the representatives of several sections of Slovak Academy of Sciences, The Slovak University of Technology in Bratislava, Technical University, Košice, University of Pavel Jozef Šafárik in Košice, Žilina University in Žilina, Automotive Industry Association and Slovak Electric Vehicle Association.
