

SolarInvert Energy Solutions

Slovakia sine wave inverter company

Overview

Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea – to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

How many solar PV installations are there in Slovakia?

The solar PV installations in Slovakia are mostly attributed to the residential installations with 472 MW of installed solar PV capacity as of 2019. The government is seeing a huge potential for solar energy generation in the country and it is reflected in the growing demand in supply for solar panels for roof installations.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

What is a solar inverter company?

The company specializes in the design and implementation of photovoltaic power plants and systems, offering a range of photovoltaic equipment, including solar inverters. Additionally, they provide smart battery storage solutions, enhancing the stability and security of renewable energy utilization.

Who is Sineng electric?

Sineng Achieves Commissioning for Utility-Scale BESS String PCS Project in Texas, U.S. ©2024 All Rights Reserved. Sineng Electric is a global leading manufacturer that offers a comprehensive product portfolio including PV

inverters, energy storage inverters, and power quality products.

What types of energy storage products does Sineng offer?

Leveraging technological innovation and extensive expertise, Sineng delivers a wide range of energy storage products, including hybrid inverter, battery and power conversion system. With an array of products, Sineng's offerings can adapt to residential behind-the-meter, commercial behind-the-meter and front-of-the-meter applications.
