Small portable dual-purpose power supply for electric fans

Overview

What is a dual power fan?

This dual-power fan from BAUER™ circulates air at speeds up to 12 MPH for a cool work area. Uses BAUER™ 20V cordless tool batteries. [Read More](#) The BAUER™ Dual-Power Fan is compact and easy to carry to the jobsite. This high-efficiency fan moves 250 CFM of air at speeds up to 12 MPH for a cool work area.

Can I use a power bank or socket to charge my fan?

*Power bank and socket charging methods: We recommend that you use the charging cable provided in the package to connect a power bank or socket with output of 5V-2A or higher (which must be purchased separately) to the fan for charging or use. To maintain battery performance, please fully charge the battery before storage.

What kind of battery does a Bauer fan use?

Designed for use with a 20V BAUER™ lithium-ion battery, this compact fan can also be powered by a 120V extension cord. With 2 speed settings, a 180° adjustable head, and multiple mounting options including a built-in rafter hook, this fan delivers cooling where you need it most.

Why should you choose a white fan?

The white fan with a simple, streamlined design fit perfectly in any home decoration. It is small and compact, and can be used anywhere. The mesh grid makes airflow even and concentrated and improves ventilation efficiency. The fine mesh grid can protect your children from potential injuries.

Why should you buy a fan?

The fan is equipped with a high-quality, low-noise motor that is more stable and durable. Seven wing-like large blades cut airflow more evenly into small streams. The maximum airflow can reach 6m³/min*. The wind feels more

gentle and comfortable just like a natural breeze.

How much does a cable-free fan weigh?

This cable-free fan, with a chassis diameter of 87mm* and a net weight of 0.67kg*, can be put on a desk or held in your hand, truly breaking the space constraints. It does not occupy a lot of desktop space and can be easily held in your hand. Portable, providing coolness whenever and wherever you need it.
