

SolarInvert Energy Solutions

Solar Photovoltaic Panel Inverter 630

Overview

CPS SCA500/630/1000KTL-H is designed for big commercial rooftop and utility scale PV systems. The inverters adopt 3-level T-type topology, max. efficiency up to 99%, Euro efficiency up to 98.5%. Intelligent power control can get higher efficiency, better power quality, and expanded service time under low power conditions. Modular design ensures that the other modules will keep working when any module fails. This can reduce the impact of faults.
