Solar photovoltaic panel field in Portugal

Overview

Where is solar PV potential found in Portugal?

Explore the solar photovoltaic (PV) potential across 160 locations in Portugal, from Monção to Funchal. We have utilized empirical solar and meteorological data obtained from NASA's POWER API to determine solar PV potential and identify the optimal panel tilt angles for these locations.

Is Portugal a good country to install solar panels?

Portugal enjoys over 300 sunny days annually, making it one of the most solar-rich countries in Europe. According to data from the International Energy Agency (IEA), the country's annual solar irradiation ranges between 1,600 and 2,200 kWh/m², making it ideal for photovoltaic (PV) installations.

What are the major solar energy projects in Portugal?

Portugal is home to several significant solar energy projects, which have contributed to its rapid growth in solar capacity: Póvoa de Varzim Solar Farm: One of the largest solar farms in Portugal, with a capacity of 50 MW. Solar Plant in Serpa: An impressive facility with a capacity of 46 MW, contributing substantially to regional energy supply.

How much solar energy does Portugal use?

Portugal ranks 32nd in the world for cumulative solar PV capacity, with 1,801 total MW's of solar PV installed. This means that 3.40% of Portugal's total energy as a country comes from solar PV (that's 23rd in the world).

What is the largest photovoltaic plant in Portugal?

The Central Fotovoltaica Riccardo Totta, named after the father of the owner of the land on which it sits, is now Portugal's largest photovoltaic plant, producing 219 Megawatts of power. It was inaugurated in October 2021 and was developed by WElink Energy/Solara4 in partnership with China Triumph International Engineering Company.

Are there solar farms in Portugal?

As it stands, there are a number of large and medium-scale solar “farms” in operation globally. Portugal has a particularly ambitious plan to overhaul its energy production, and is already home to a number of exciting projects to support this.
