

## **SolarInvert Energy Solutions**

# **Solomon Islands large mobile energy storage vehicle manufacturer**

## Overview

---

What is the Solomon Islands electric vehicle policy roadmap?

The Policy Roadmap lays down the most relevant policies to create an enabling environment for electric vehicles in Solomon Islands and involved a robust stakeholder consultation process that was facilitated under the Chairmanship of Ministry of Mines, Energy and Rural Electrification.

Why is the transport sector important for Solomon Islands?

The GHG emission from the transport sector have substantially increased over the years since year 2000 and therefore is a critical sector for Solomon Islands to achieve its climate mitigation and GHG reduction goals.

Do Solomon Islands import cars?

Solomon Islands import vehicles and has very limited service, repair and maintenance capacity. Most of the imported vehicles are pre-owned and the average age is more than ten years.

How big is the Solomon Islands road network?

According to an Asian Development Bank report on the transport sector in the Solomon Islands (ADB, 2010), the Solomon Islands road network was 1875 sq. kilometres, of which only 6% (104 km) has a sealed surface. The rest of the road network is surfaced with gravel, coral or earth.

What is the transport plan for Solomon Islands?

Transport Plan for Solomon Islands has identified several areas for expansion. Among the essential expenditure, areas have identified road infrastructure (expansion, rehabilitation and maintenance) and lay importance on air and maritime infrastructure development.

What is the pressure on urban transport in the Solomon Islands?

The pressure on urban transport is evident, mainly due to the rapidly expanding urban areas in the Solomon Islands rapidly growing economy, at around 2.5% annually.

## Solomon Islands large mobile energy storage vehicle manufacturer

---

Voltage range: 691.2-947.2V

>6000 cycles (100% DOD)

Rated battery capacity:  
216KWH (customizable)

EMS communication:  
4G/CAN/RS485
