

SolarInvert Energy Solutions

Sophia 110kw high quality inverter manufacturer

Overview

What is s5-gc (100-110k) series inverter?

S5-GC (100-110)K series inverters can be widely used in C&I and utility PV projects with compatibility, efficiency, and high energy density, with 90MPPT/MW tracking density, max 98.7% conversion efficiency and 16A current per string, can perfectly match various high-efficiency modules and bi-facial modules, brings more benefits.

What is the electronic screen of the 110kW frequency inverter?

The electronic screen of the 110kw frequency inverter is a key component in the three phase inverter control system, providing users with an intuitive and real-time information display.

What are the functions of 110kW 3 phase inverter?

The 110kw 3 phase inverter with LED digital display, display setting frequency, output voltage, and output current can be shown in real time. The input frequency of the variable frequency inverter reaches 50Hz or 60Hz. Protection functions include overvoltage protection, under-voltage protection, overheating protection, overload protection, etc.

How does a 110 kW frequency drive inverter work?

Come with an IP20 protection rating and forced air cooling, the 110 kW frequency drive inverter works at (-10°C, 40°C). The multiple-function keyboard of 150 hp variable frequency inverters controls the operation of the 3 phase motor inverter, such as start, stop, and acceleration.

Sophia 110kw high quality inverter manufacturer

OEM 110kw Solar Inverter Manufacturer, Factories

Jul 16, 2025 · At Sunrover Power Co., Ltd., we offer high-quality 110kW solar inverters directly from our reliable factories, ensuring top performance for your business needs
