South America container lithium battery factory energy

Overview

Is South America a key player in the lithium-ion battery industry?

As the global demand for electric vehicles (EVs) and renewable energy storage grows, South America is emerging as a key player in the lithium-ion battery industry. The region is home to some of the world's largest lithium reserves, particularly in Argentina, Bolivia, and Chile—often referred to as the “Lithium Triangle.”.

Where are lithium batteries made?

The region is home to some of the world's largest lithium reserves, particularly in Argentina, Bolivia, and Chile—often referred to as the “Lithium Triangle.” In recent years, several manufacturers in South America have been developing lithium-ion battery production capabilities to meet the increasing demand for sustainable energy solutions.

What are the top 10 lithium-ion battery manufacturers in South America?

This article explores Top 10 Lithium-Ion Battery Manufacturers In South America; CATL, Companhia Brasileira de Lítio (CBL), YPF-Tec, BYD, LG Energy, Panasonic, SQM, EnerSys, Duracell, and Saft. Last Updated on February 21, 2025.

Who is LG South Korea battery maker?

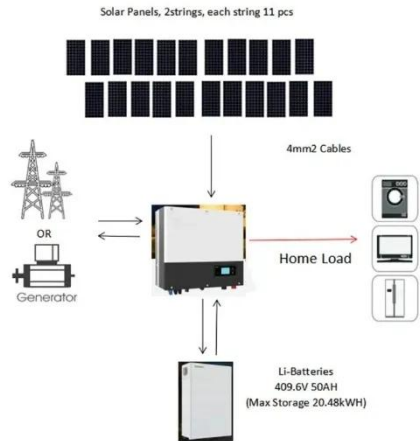

LG South Korea battery maker is one of company that submitted proposals to extract lithium from the Altoandinos salt flats in Chile's Atacama region. The Altoandinos salt flats are a key area where the Chilean government aims to boost lithium production through public-private partnerships.

Who makes Duracell batteries?

Duracell is a well-known American brand of batteries and smart power systems, owned by Berkshire Hathaway. It was developed in the 1960s by Samuel Ruben and Philip Mallory, and later acquired by Procter & Gamble in

2005, before being sold to Berkshire Hathaway in 2016. Key products:
