

## SolarInvert Energy Solutions

# Swiss professional lithium battery bms

## Overview

---

Our product range includes chargers, automotive compatible battery management systems (BMS) and fully IP67 protected battery blocks for marine applications, as well as tailor-made solutions from prototype to market maturity. What is a lithium-ion battery management system (BMS)?

### Figure 1: Why Lithium-ion Batteries?

The battery management system (BMS) is an intricate electronic set-up designed to oversee and regulate rechargeable batteries, specifically lithium-ion batteries.

How does a BMS improve the performance of lithium-ion batteries?

By incorporating a BMS, the performance of the battery is significantly enhanced, ensuring optimal operation and safeguarding against potential hazards that could compromise its efficiency and durability. Now, let's delve into how a BMS enhances the performance of lithium-ion batteries.

How does a battery management system improve the performance of lithium-ion batteries?

Now, let's delve into how a BMS enhances the performance of lithium-ion batteries. The battery management system (BMS) maintains continuous surveillance of the battery's status, encompassing critical parameters such as voltage, current, temperature, and state of charge (SOC).

Why do we need a battery management system (BMS)?

As a result, the integration of a BMS is integral to maximizing the overall lifespan and functionality of lithium-ion battery systems. The BMS will surely advance as long as we keep innovating and pushing the limits of what is feasible with lithium-ion batteries.

Are lithium-ion batteries safe to operate without BMS protection?

A: Operating lithium-ion batteries without proper BMS protection is extremely dangerous and not recommended. While basic protection circuits exist, they lack the comprehensive monitoring and management capabilities needed for safe operation.

Who sells lithium batteries?

The lithium batteries from LiTHiUM System GmbH have already received several international awards, such as the 360 degree MOVE Award. We advise you competently and complement your projects with innovative ideas. Lithium system sells Lithium cells, Lithium battery, Lithium batteries.
