Timor-Leste 5G base station situation

Overview

Why is Telemor launching 5G in Timor-Leste?

Telemor, licensed in Timor-Leste since August 2012, has driven telecom modernization, with the 5G rollout marking a new phase in bridging the nation's digital divide and supporting ASEAN's collective vision for a tech-driven future. TATOLI.

Which mobile operators are launching 4G LTE services in Timor-Leste?

All three major mobile operators: Timor Telecom (TT), Telkomcel (Telin Timor-Leste) and Telemor (Viettel Timor-Leste) have recently launched 4G LTE services. A local consortium has submitted an application to become the country's fourth telecoms operator.

Will Timor-Leste get 5G?

The government of Timor-Leste is focused on increasing the spectrum for its 4G networks, whose rollouts began in 2018, with plans for 5G so far undeveloped. The Vietnam government has permitted operators Viettel and MobiFone to launch the commercial pilot of 5G technology until mid-2021. They are mostly to be provided in Hanoi and Ho Chi Minh City.

Will Viettel upgrade Timor-Leste's 4G network to 5G?

"During the talks, CEO Nguyen announced Viettel's commitment to upgrade Timor-Leste's network from 4G to 5G, promising enhanced quality and opportunities for economic, educational, and social sectors," said in a statement.

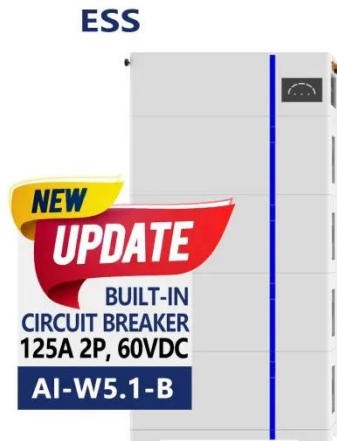

Does Timor Leste have fixed broadband?

Due to a limited number of fixed lines as well as the dominance of the mobile platform, fixed broadband penetration in Timor Leste remains very low. However, the market has grown strongly over the past five years from a very small base, driven by a rising level of mobile subscribers with smartphones.

What is the future of Telecommunications in Timor-Leste?

Over the next five years to 2023 the market is expected to grow very strongly but overall market penetration will remain extremely low compared to other nations. All three major mobile operators: Timor Telecom (TT), Telkomcel (Telin Timor-Leste) and Telemor (Viettel Timor-Leste) have recently launched 4G LTE services.
