

SolarInvert Energy Solutions

Togo s largest solar photovoltaic panel

Overview

"The Sheikh Mohamed Bin Zayed 50 megawatt-peak power plant in Blitta is the largest solar photovoltaic plant in the sub-region, using solar tracker technology, which increases the efficiency of solar panels by making them follow the path of the sun," Togolese mines minister Mila Aziabile explained during the opening ceremony. Where is the largest solar power plant in Togo?

The solar power plant is located in Blitta, a division in the Central Region. With a capacity of 50 MWp, the Mohamed Bin Zayed plant becomes the largest utility-scale solar park in Togo, and indeed in the West African sub-region. The new facility, which supplies clean energy to Togo's national grid, increases the country's energy autonomy.

Who is AMEA Togo solar?

Amea Togo Solar, a subsidiary of Amea Power, an independent power producer (IPP) that develops, finances, builds, owns, and operates thermal and renewable power projects in Africa, the Middle East, and Asia, carried out the construction works. 1.

Are togopower solar panels good?

Togopower's solar panels offer unmatched efficiency and robust reliability, ensuring maximum power generation and consistent performance in diverse environmental conditions for longevity. Will you have solar panels suitable for use on a balcony or patio?

.

Where is Sheikh Mohamed bin Zayed solar power plant located?

The 50MW Sheikh Mohamed Bin Zayed solar power plant in Blitta, a prefecture, and town located in the Central Region of Togo has been commissioned officially in a ceremony graced by Faure Gnassingbé, the President of the West African Republic.
