

## SolarInvert Energy Solutions

# Tonga lithium battery pack customization

## Overview

---

What is a custom LiFePO4 battery pack?

Our custom LiFePO4 battery packs are made in cylindrical and prismatic formats. LiPo batteries allow for greater flexibility and ensure the perfect fit for vehicles, machinery, and other various devices with unusual dimensions and weight requirements. Why Choose CMB As Your Custom Battery Pack Manufacturer?

What is a custom battery pack assembly service?

CMB's custom battery pack assembly services involve evaluating battery chemistries, casing design, and management systems based on customer needs. The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements.

What makes CMB a great battery pack company?

CMB boasts a highly skilled and experienced custom battery pack engineering team led by a CTO with over 15 years of experience in lithium-ion battery technology with industry giants CATL, BYD, and BAK. Our team of 5 specialized engineers brings diverse skills in design, manufacturing, testing, and quality control.

Can lithium ion batteries be recycled?

The demand for lithium ion batteries has been increasing lately. Our batteries can be recycled easily and with very little of a hassle. After supporting 6000+ projects, we're sure that we can do the hassle-free solution and service for you. Not only to protect your investment, but also our advanced BMS will make your battery more efficient.
