Where can ECS carry out transformer servicing?

Equipped with mobile servicing equipment, ECS can carry out transformer servicing on site, in any part of Uganda. Read More Design & Building: At ECS, this department is dedicated to assisting clients who require a little more expertise to produce something that satisfies their particular requirements.

Why do companies sell into Uganda?

Most companies that sell into Uganda view their objective as pushing containers of equipment. The resulting service levels are in line with that mentality. At Orion, our mantra is that we are selling “more than just a piece of metal” and view our product as a reliable low loss transformer operating on the grid and with after-sale care services.
