

SolarInvert Energy Solutions

Türkiye home energy storage power supply manufacturer

Overview

Who is Turkey's energy storage leader?

Shaping the Future of Energy Storage - Meet Turkey's Energy Storage Leader: Pomega! The company has meticulously designed its production processes to minimize environmental impact, adhering to the highest eco-efficiency standards.

What is pomega energy storage?

Pomega revolutionizes access to renewable energy with its residential energy storage solutions. Integrated with solar or wind power systems, these solutions grant homeowners autonomy over their energy usage while reducing dependence on conventional grid electricity.

What is energy storage system (ESS)?

Energy Storage Systems (ESS) play a crucial role in rapidly expanding electric vehicle (EV) charging infrastructure, especially in areas with limited grid capacity. By optimizing the use of renewable energy sources such as solar power, ESS provides a reliable and sustainable electricity supply for charging stations.

Who is power solar Enerji?

It provides 24/7 technical service throughout Turkey and in Europe with its offices in Germany and Holland. Also, Power Elektronik A.Ş., which is a Group company, has been active in solar EPC, engineering, consulting, project, and solar material sales since 2012 with its subsidiary Power Solar Enerji A.Ş.

Where is power Elektronik based?

In addition, Power Elektronik has branches in Holland and Germany, and continues to operate with its R&D center certification from the Ministry of Industry and business licenses from EPDK for charging stations and for manufacturing, assembly, and design of its products.

Who is power Elektronik?

Also, Power Elektronik A.Ş., which is a Group company, has been active in solar EPC, engineering, consulting, project, and solar material sales since 2012 with its subsidiary Power Solar Enerji A.Ş. We are ready to establish strong connections with companies from every sector. We are currently in cooperation with more than 30 companies.
