UK Manchester West Energy Storage Project

Overview

Pulse Clean Energy has switched on its latest battery energy storage system (BESS) in Hyde, West of Manchester, delivering 42 MW/100 MWh of new capacity. Will a UK battery energy storage project come online next year?

One of UK's largest battery energy storage projects has changed hands and will come online next year as part of a low carbon energy park in Greater Manchester. UK-based developer Statera Energy has acquired a 680 MW/1360 MWh battery energy storage project in Greater Manchester from Carlton Power.

Which battery energy storage system is now operational in the UK?

Pulse Clean Energy, the battery energy storage system (BESS) maker backed by Canada-based Investment Management Corporation of Ontario, said its latest 42MW/100MWh battery energy storage system (BESS) located in the UK is now operational.

Who owns Carlton power's 'Carrington storage' project in Greater Manchester?

UK-based developer Statera Energy has acquired a 680 MW/1360 MWh battery energy storage project in Greater Manchester from Carlton Power. Located at Trafford Low Carbon Energy Park, Carrington Storage is expected to become one of the largest of its kind in Europe once fully energised in 2026.

Could a £750m battery energy storage scheme be the world's largest?

Planning permission has been granted for a £750m battery energy storage scheme (BESS) near Manchester. Carlton Power, the independent energy-infrastructure developer behind the venture, said the 1GW facility at the Trafford Low Carbon Energy Park would be the world's largest battery-storage facility.

Why did Trafford Council get planning permission for a battery-storage facility?

Failed to load Related. Planning permission for the battery-storage facility was granted by Trafford Council. The council's leader, Tom Ross, said that the battery storage and green-hydrogen schemes would put Trafford and Greater Manchester "at the forefront of the UK's energy transition".

How much money will Carlton power bring to Greater Manchester?

"With the approval of the BESS, this brings the total investment value of the site to £2bn, which will deliver significant economic benefits to the Greater Manchester region and help to deliver the regional net zero targets," said Keith Clarke, founder and chief executive of Carlton Power.
