

SolarInvert Energy Solutions

Ukrainian energy storage container

Overview

How many energy storage plants will Ukraine have?

Said to mark a significant step towards enhancing the country's energy independence, stabilising power supply and accelerating its transition to renewable energy, the project should deliver six energy storage plants located at sites across Ukraine, with capacities ranging from 20MW to 50MW and totalling 200MW.

Why is battery storage important in Ukraine?

"Battery storage is a critical element in Ukraine's vision to build a decentralised energy system that reduces our emissions and enhances our energy security," commented DTEK CEO Maxim Timchenko. Have you read?

"The partnership with Fluence further signals our commitment to leading the way in battery storage, both in Ukraine and across Europe.

How much will Ukraine invest in a battery-based energy storage project?

The project, with an investment of €140 million (\$143 million), will lead to the delivery of Ukraine's first large-scale battery-based energy storage portfolio and the provision of 400MWh of dispatchable power – declared enough to supply short term power for 600,000 homes.

How big is Ukraine's gas storage?

The highest level of gas stock and its third part is done by non-resident customers Ukraine's vast storage facilities are not just an asset for the country itself, but rather for the entire continent. The storage system is the world's third biggest by capacity – behind only the United States and Russia – can store over 30 bcm.

What is the largest container terminal in Ukraine?

The Container Terminal Odesa (CTO) in the port is the largest container

terminal in Ukraine. It has been operated by the Hamburg-based HHLA Group since 2001 and, in addition to containers, also handles bulk goods, general cargo and project cargo.

Which Ukrainian energy company has selected fluence energy?

Ukrainian energy company DTEK has selected Fluence Energy to deliver 200MW of advanced energy storage systems to be installed at six sites across the country.
