Uninterruptible power supply for Swedish manufacturing

Overview

Where can I buy UPS - uninterruptible power supplies?

Find a huge range of UPS - Uninterruptible Power Supplies at Farnell Sweden. We stock a large selection of UPS - Uninterruptible Power Supplies, including new and most popular products from the world's top manufacturers including: Apc, Schneider Electric, Siemens, Phoenix Contact & Ea Elektro-automatik BR1500GI.

What is a static uninterruptible power supply (UPS)?

Our static uninterruptible power supply (UPS) systems comply with the VFI-SS-11 classification according to IEC 62040-3. With their robust industrial design, they support a secure consumer supply in continuous operation.

What is an uninterruptible power supply?

An uninterruptible power supply is an electrical apparatus designed to furnish emergency power even when other sources of input power fail, and they are indispensable tools within a huge number of unrelated industries.

What is a three-phase online modular uninterruptible power supply system?

Three-Phase online modular uninterruptible power supply systems from the Modulon UPS family offer scalability and redundancy in a single frame, with up to 600 kVA. Delta's UPSs are some of the most advanced in the industry, renowned for their innovation, reliability, and efficiency.

Why do companies need a scalable power protection system?

To help companies prepare for increasing success, Delta engineers flexible, scalable systems that are built to be easy to expand as needed, to accommodate greater demands for power protection.
