

SolarInvert Energy Solutions

Uninterruptible power supply service provider in Niue

Overview

What is Niue Power Corporation (NPC) funding?

This represents the culmination of years of work from Niue Power Corporation (NPC) staff, local and overseas contractors, and our development partners. Australia and New Zealand funding assistance in particular has been instrumental in the procurement of new generators, transformers, switchboard and construction of a new building to house these.

What does the Minister of infrastructure say about Niue's New Power Station?

The Minister of Infrastructure, Hon. Crossley Tatui extended his appreciation to the Australian and New Zealand Governments, saying, "The construction of this new power station is a vital piece of infrastructure for Niue's development and well-being. This achievement would not have been possible without the support of our regional partners."

How did New Zealand support Niue's battery energy storage system?

In addition to Australia's support, the New Zealand Government contributed \$2.5 million to relocate and restore Niue's Battery Energy Storage System (BESS). This funding has allowed the Ministry to repair the grid control system, procure necessary fuel tanks, and install cabling and connections.

When is Niue's New Power Station launching?

The Ministry of Infrastructure celebrated the so5 launch of Niue's New Power Station on the 7th November 2024. The launch marks a critical milestone in Niue's journey to strengthen and modernize its energy infrastructure.

Who is Unipower?

In recent years, we fully understand the critical role of solar energy in households and commercial. Drawing on over 20 years of R&D expertise and robust production capabilities, Unipower have efficiently positioned ourselves as a manufacturer of inverter, energy storage and UPS.

How much production capacity does Unipower have?

ROBUST PRODUCTION CAPACITY Ensuring the timely delivery of orders to our customers is our top priority. At Unipower, we have our own factory with 19 production lines, covering 16,000 square meters. Monthly production capacity is up to 150,000 units.
