All-in-one

≥6000 Cycle Life

Overview

Union Electrique Du Vanuatu Limited (UNELCO) is set to contract the construction of a groundbreaking 3 MWp solar Photovoltaic (PV) grid-connected plant with an estimated Vatu (VT) 300 million worth of investment financed through the Port Vila Concession tariff for the period of 2020-2025. How can Vanuatu benefit from solar power?

With this project, 17,000 households throughout Vanuatu will be supported to access non grid, renewable electricity through solar. With low population densities and large distances between communities, a key challenge for the project has been providing access to electricity in a way that is cost effective and efficient.

Will solar water pumping work in Vanuatu?

The two-year project, led by the Global Green Growth Institute (GGGI), will bring solar-powered water pumping systems to eight rural communities across Vanuatu's Santo, Paama, Tanna and Malekula islands, improving water security and sanitation for over 4,700 people.

How will renew Pacific benefit Vanuatu's remote communities?

An additional REnew Pacific project will benefit around 80,000 people in Vanuatu's most remote communities, delivering reliable 24/7 energy to healthcare services for the first time.

Will Vanuatu's remote off-grid communities get better access to water?

Over 84,000 people across Vanuatu's remote off-grid communities will soon have better access to water, healthcare and education services, thanks to the country's first two REnew Pacific projects, announced today.

What will respond global do for Vanuatu?

Respond Global, through its unique HELPR-1 vessel, will transport and install 20 new off-grid solar power systems and upgrade 20 additional health

facilities across all Vanuatu's six provinces.

Who launched Renew Pacific's first project in betervat?

Vanuatu's Minister for Climate Change, Adaptation, Geohazards, Meteorology & Energy, the Hon. Ralph Regenvanu and Australia's High Commissioner to Vanuatu H.E. Max Willis officially launched REnew Pacific's first project in Betervat, Malekula at a special event with local leaders and the community.
