Vienna container generator set

Overview

What is a containerized generator?

Less Maintenance The Containerized Series generator sets are designed for harsh weather and strict acoustical standards, utilizing a standard 40' high cube container equipped with an array of innovative features, allowing the system to operate reliably even in the hottest environments – validated at ambient temperatures of up to 55 degrees Celsius.

What is container type diesel generator set gencircle supply?

Container type Diesel Generator Set Gencircle supply container type generator set is design in accordance with ISO/TC104 standard size, rational construction, to make sure the generator set will not be damaged due to under high pressure in transport, and is suitable for ship transportation.

What are the different types of container generators?

We can supply the 20' container, 40' container, and widen or heighten container type. They are divided into the normal type and silent type. This series generator set can be easily moved to the desired location, can run under the most demanding working conditions.

What are mg containerized gensets?

MG containerized type gensets use advanced sound-absorbing materials, scientific and unique design in airflow and noise control. The container is with CSC certification, in line with international container security convention, ensures shipping directly as a standard container, and greatly saves the cost of transportation.

What is a type 6 generator container?

Our Type 6 generator containers consist of two or three pre-assembled modules, depending on the engine type and the application. The overall package (gas engine, container, and auxiliary components) is available for 65,

70, 75 and 80 dB (A) in 10m (surface sound pressure level according to DIN 45635).

What is the standard ventilation for genset containers?

The standard ventilation is designed for ambient temperatures from -25°C to +40°C. The genset containers can be equipped with several additional features to enable operation at lower temperatures on request. Type 6 containers are available with a similarly broad range of options that we offer for the Type 2 / 3 / 4 containers.
