

SolarInvert Energy Solutions

Vientiane high temperature supercapacitor price

Overview

Where can I buy supercapacitors & ultracapacitor?

Please try again. Supercapacitors & Ultracapacitors are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many supercapacitor and ultracapacitor manufacturers including Cornell Dubilier, Eaton, Elna, KEMET, KYOCERA AVX, Maxwell, Vishay & more.

What are the applications of kamcap supercapacitor?

5.5V high temperature 85°C series typical applications: RAM, detonator, car recorder, smart meter, vacuum switch, digital camera, motor drive and so on. Kamcap supercapacitor is widely applied in different industries. We can also customize super capacitors with special parameters according to the needs of customers from different industries.

Why should you choose a vina pulse capacitor?

As an environmentally friendly hybrid capacitor, the Vina Pulse Capacitor significantly reduces ESR with longer life, wider temperature range, and higher discharge current in the same size with cost savings compared to the expensive Pulse Battery.

How long does a capacitor last at 65°C?

After 1,000 hours at V R loaded under +65°C, capacitors meet the following criteria. They offer higher voltage and lower self-discharge characteristics.
