How do I get a shipping container in Warsaw?

If you need a shipping container in Warsaw, you can directly contact our Warsaw sales representative or fill in the quotation form below. We strive to bring satisfaction to our customers; thus, you'll get the best deal for the containers you want right away!.

How many MW rated energy storage systems are there in Poland?

The capacity obligations for these projects ranged from 1.2 MW to 153 MW rated power, with an average capacity of around 30 MW. The decision to reduce the de-rating factor for energy storage systems in the last capacity market auction in Poland from 95 percent to 61 percent did not prove detrimental to the market.

Is Poland moving towards battery energy storage systems (Bess)?

As expected, Poland's latest capacity market auctions have highlighted a significant shift towards the battery energy storage systems (BESS) beside the fact that the de-rating factor has been significantly decreased.

What services do we provide for containers in Poland & Europe?

We provide comprehensive services related to containers in Poland and Europe. We offer service, repair, repositioning and transport of containers. We provide comprehensive services to customers who buy or rent containers.

How many GW is secured by new generation capacity market units?

As a result, the total capacity obligations secured exceed 8 GW, with over 1.5 GW attributed to contracts with foreign entities. Approximately 2.5 GW was secured by "new generation capacity market units". This designation, exclusively applied to Li-ion energy storage projects in previous auctions, i.e. to BESS.
