What is the controversy about rooftop photovoltaic panels

Overview

Does rooftop solar have a fraud problem?

Rooftop solar has a fraud problem. The industry is working to build back trust
A crew installs a solar array on the roof of a home in Frankfort, Ky., in 2023.
PHILADELPHIA — The solar power industry is booming and that growth helps the world meet its climate goals by replacing fossil fuels.

Why are prosecutors investigating rooftop solar?

Across the country, prosecutors are investigating high-pressure sales tactics and misleading financing arrangements. Some customers say they were victims of fraud and forgery. This threatens rooftop solar's impressive momentum. Now, some solar companies are working to repair the industry's reputation.

Is your rooftop solar business causing a consumer complaint?

Here's what to consider and how to protect yourself The rooftop solar business is a big source of consumer complaints. Across the country, prosecutors are investigating sales practices and financing arrangements. Now the solar industry is working to repair its reputation.

Are solar panels a problem?

But an emerging problem in the U.S. solar business that installs panels on homes risks slowing the effort to cut the country's emissions. Customer complaints against the country's residential rooftop solar industry have increased dramatically in recent years. One-star ratings on Solar Reviews increased more than 1,000% since 2018.

Are rooftop solar panels causing a cost shift?

The utilities commission has said that the credits given to the rooftop panel owners on their electric bill have become so valuable that they were resulting in "a cost shift" of billions of dollars to those who do not own the panels. This

has raised electric bills, especially hurting low-income electric customers, the commission says.

Are customer complaints a problem in the solar industry?

Customer complaints against the country's residential rooftop solar industry have increased dramatically in recent years. One-star ratings on Solar Reviews increased more than 1,000% since 2018. Across the country, prosecutors are investigating high-pressure sales tactics and misleading financing arrangements.
