Where is the Minsk Communication Engineering Base Station

Overview

Where is Minsk located?

Latitude: 53.9000 Longitude: 27.5667 Minsk (Belarusian: Мінск, Мeнск pronounced [mʲɪnsk, mʲɛnsk]; Russian: Минск, [mʲɪnsk]; Yiddish: מינסק Minsk, Polish: Mińsk) is the capital and largest city of Belarus, situated on the Svislach and Nyamiha rivers. It is the administrative centre of the Commonwealth of Independent States (CIS).

Where is Minsk rotting?

The Kiev class carrier Minsk has been languishing in a man-made lagoon northwest of Shanghai for years. A major fire, which may still be ongoing, has broken out on the former Soviet Kiev class aircraft carrier Minsk, which has been rotting away in a man-made lagoon just off a stretch of the Yangtze River in China for years now.

When did Minsk become a warship?

Minsk was commissioned into the Soviet Navy in 1978. The Kiev class as a whole was something of an oddity among warships, with 40,000-ton-displacement vessels looking more like a hybrid of an aircraft carrier and a battlecruiser than a traditional flattop, as you can read more about here.

What happened to Minsk?

A major fire, which may still be ongoing, has broken out on the former Soviet Kiev class aircraft carrier Minsk, which has been rotting away in a man-made lagoon just off a stretch of the Yangtze River in China for years now. The War Zone previously dove into the saga of how the flattop came to be anchored there in a feature you can find here.

Is Minsk a state or state?

It is the administrative centre of the Commonwealth of Independent States (CIS). As the national capital, Minsk has a special administrative status in

Belarus and is the administrative centre of Minsk Region (voblast) and Minsk raion (district).

Did Chinese entrepreneurs save Minsk from the torch?

A group of Chinese entrepreneurs subsequently saved the ex- Minsk from the torch. The ship, with a mixture of retired Soviet-design and Chinese combat aircraft on its deck, became the centerpiece of a theme park called Minsk World that opened in 2000.
