

SolarInvert Energy Solutions

Wholesale solar power system in Kazakhstan

Overview

Is Kazakhstan a good place to invest in solar power?

Kazakhstan has remarkable solar potential with a very well-designed auction system, a clear renewable capacity addition schedule, and a solid decarbonisation target. The country is now also including storage systems as part of its public procurement strategy in a move that will ease further integration of renewables into the grid.

How many solar power plants are there in Kazakhstan?

As of now, there are 51 solar power plants in operation in Kazakhstan. The government aimed to have 28 solar power plants operational by the end of 2021 and successfully met this goal. The potential of solar energy in Kazakhstan is estimated at 2.5 billion kWh per year.

What is the wholesale electricity and capacity market in Kazakhstan?

The wholesale electricity and capacity market in Kazakhstan consists of: The wholesale electricity market operates on the basis of buying and selling planned electricity volumes, which are included in the daily production-consumption schedule approved by the system operator.

What is Kazakhstan's largest solar project?

Kazakhstan's largest solar project – a 100 MW field in Saran, Karaganda Province – was opened last year by a German company, also with EBRD backing. Russian engineers doubled capacity at the EBRD-backed Burnoye plant in Zhambyl in 2018.

Where is Kazakhstan's new solar power plant located?

A few months later, the EBRD loaned another \$42.5 million toward a \$75 million 63 MW solar photovoltaic power plant that Risen is building in Chulakkurgan, north of Shymkent. China, which now produces 70 percent of the world's solar panels, is well represented in Kazakhstan's new renewable

projects, but it is not the only player.

Can solar power drive Kazakhstan's decarbonisation?

The focus now is on leveraging solar's comparative advantages to drive forward Kazakhstan's decarbonisation and harness its significant solar resources. This report builds on the first edition of solar investment opportunities in Kazakhstan.
