# Wholesale transformer switchgear

## Overview

---

What is Global Transformers & Switchgear?

Global Transformers & Switchgear (GTS) is a globally credited and certified ISO 9001-2008 Company based in U.A.E. and a member of RMB Group, a family of more than 30 independent companies. Global Transformers & Switchgear is directed by a group of experts who are specialists in the field of transformers and switchgear products.

What does a transformer do in a power station?

In the context of power stations, transformers are typically used to step-up or step-down the voltage of the electrical power. Copyright © Shanghai Ever International Corporation Limited.
